

AUSTIN SCOTT DELIC

Software Engineer / Full Stack Developer

Perth, Western Australia

austin@austindelic.com ♦ (+61) 402 919 111 ♦ austindelic.com ♦ linkedin.com/in/austindelic ♦ github.com/austindelic

WORK EXPERIENCE

AITAI - AI Institute

Perth, Western Australia

LaunchLAB AI Cohort One '26

Mar 2026 – Present

- Competitively selected for Cohort One of LaunchLAB AI '26, an AI product accelerator run by the AI Institute of Australia.
- Building and shipping AI-native products involving machine learning model integration, real-time inference, and structured iteration with industry mentors.

Scrypt Ventures

Remote

Junior Software Engineer

Mar 2026 – Present

- Engineering and shipping production features across the full stack at a pharmaceutical software venture, working remotely with a distributed team.
- Contributing to system design decisions, code review, and deployment pipelines alongside senior engineers.

Independent Contracting

Perth, Western Australia

Software Engineer

Jan 2026 – Mar 2026

- Engineered and shipped full-stack applications serving hundreds of active users across Australia's eastern states, owning the product end-to-end.
- Collaborated directly with clients to define requirements, iterate rapidly on features, and deliver production deployments with tight turnarounds.
- Operated the full delivery lifecycle, architecture, implementation, deployment, and post-launch reliability, as a solo engineer.

Aquinas College WA

Perth, Western Australia

Casual ICT Helpdesk & AV Assistant

Mar 2025 – Mar 2026

- Resolved ICT and AV issues across a large campus environment, prioritising uptime for classrooms and events.
- Maintained and supported hardware, networking, and software systems for staff and 1,500+ students.

Lightbulb Skills

Perth, Western Australia

Junior Software Engineer

Oct 2024 – Dec 2025

- Architected and maintained a production CRM system built on Next.js, React, and PostgreSQL, serving real business operations.
- Owned feature development from schema design through UI, shipping improvements iteratively in a live production environment.

EDUCATION

Curtin University

Perth, Western Australia

Computer Science Degree Major

Feb 2026 – Oct 2028

Curtin University

Perth, Western Australia

Mechatronic Engineering Honours and Computer Science Double Degree (BEng Hons/BSc)

Feb 2025 – Oct 2025

- GPA 7.5 / 10.0, transferred to Computer Science after first year
- Letter of Commendation (Dean's List)

Aquinas College

Perth, Western Australia

Western Australian Certificate of Education (WACE)

Feb 2016 – Oct 2024

- Computer Science ATAR Dux

PROJECTS

Still

Open Source

Dec 2024 – Present

- Building a Rust-based universal package manager targeting cross-platform deterministic resolution across macOS, Linux, and Windows.
- Consolidates package management, version pinning, task execution, and environment configuration into a single composable CLI, replacing the fragmented toolchain (Homebrew, mise, Make, direnv).
- Implements a custom TOML spec with conditional logic, platform-aware build graphs, and first-class Homebrew formula compatibility.

crib.

Open Source

Apr 2025 – Present

- Built a full-stack collaborative task manager for housemates and small groups, designed around shared accountability and real-time updates.
- Implemented with Svelte 5 (runes), SvelteKit, and PostgreSQL, leveraging fine-grained reactivity and server-sent events for live synchronisation across clients.

HONORS AND AWARDS

3rd Place, VisagioX & Venture UWA Hackathon

Perth, Western Australia

Issued by *VisagioX & Venture UWA*

Apr 2026

- Built an on-device AI application that detects harmful conversation patterns in real time, with no data leaving the device.

Sponsored Participant, Hack48

Sydney, New South Wales, Australia

Issued by *Hack48*

Dec 2025

- Competitively sponsored to attend Hack48, a 48-hour hackathon uniting top student builders across Australia and internationally.
- Engineered a system to convert written materials into Braille, targeting accessibility for visually impaired users.
- Completed Lyrathon in the same trip, two consecutive 48-hour hackathons back to back.

Sponsored Participant, Hack Club Residency

San Francisco, California, United States

Issued by *Hack Club*

Jun 2025

- Sponsored for an international Hack Club residency in San Francisco, shipping independent projects alongside peers from across the world.
- Competed in the UC Berkeley AI Hackathon (Jun–Jul 2025).

Technical Resources Scholarship

Perth, Western Australia

Issued by *Technical Resources Pty Ltd*

Dec 2024

Charlie Bell Scholarship

Perth, Western Australia

Issued by *Ronald McDonald House Charities WA*

Dec 2024

Most Innovative, ComSSA Hackathon

Perth, Western Australia

Issued by *Curtin University / ComSSA*

Dec 2024

Computer Science ATAR Dux

Perth, Western Australia

Issued by *Aquinas College WA*

Oct 2024

LEADERSHIP AND ACTIVITIES

Curtin Computer Science Students Association (ComSSA)

Perth, Western Australia, Australia

Sub-Committee Member

Mar 2025 – Sep 2025

- Contributed to the Tech Team, building and maintaining tooling and infrastructure for the association's events and online presence.

SKILLS, LANGUAGES, INTERESTS

- **Soft Skills:** Public Speaking, Communication, Critical Thinking, Leadership
- **Languages:** Python, TypeScript / JavaScript, C / C++, Go, Rust, Kotlin, SQL, Bash
- **Web & Frontend:** Svelte & SvelteKit, React & Next.js, Tailwind CSS, Astro
- **Infrastructure:** Linux, PostgreSQL, Docker, Nginx, Drizzle ORM, GraphQL
